

CHANGE OF ADDRESS NOTIFICATION

In addition to providing you with the **official online Change of Address Notification (COAN)** form, www.SmartMoves.ca is packed with checklists, reminders, tips and information that will make your move much easier to manage.

You can use the Change of Address service to ensure that your mail gets delivered to your new address for a single low fee (\$36 for residential in-province moves) and as an added free bonus available only to online users! Canada Posts new Address Change Notification Service allows you, the consumer, to notify businesses and organizations of your move. In addition, you can save time and money by sending up to 50 e-cards to your friends and family, letting them know you are on the move.

For futher information go to the SmartMoves website at www.SmartMoves.ca

The screenshot displays the Smart Moves website interface. At the top, the 'smart moves' logo is on the left, and navigation links for 'Login', 'Search', and 'Français' are on the right. A Canada Post logo is also present with the tagline 'From anywhere... to anyone'. Below the header is a navigation menu with options: 'Tips', 'Postal Services', 'Change Your Address', 'Notify Others', 'Smart Savings', and 'Checklist'. The main banner features a photo of a man and a woman with moving boxes and the text '3 EASY STEPS | LET'S GET MOVING'. A testimonial from Nancy L. of Ottawa is included, along with a link to 'Read our movers' experiences'. The '3 EASY STEPS' are detailed as follows:

- STEP 1**: Change your address and hold your mail. Description: Changing your address, re-directing your mail and holding your mail is fast and easy with Canada Post smartmoves.ca. Includes a 'GO' button and a play icon.
- STEP 2**: Notify others of your move. Description: ...including businesses you deal with, and friends and family instantly with smartmoves.ca. Includes a 'GO' button and a play icon.
- STEP 3**: Plan your move. Description: Plan to put your feet up with your personalized online checklist, you can manage your Step 3 from anywhere. Includes a 'GO' button and a play icon.
